Creating Actionable Knowledge

The Academy of Management
Annual Meeting
New Orleans, Louisiana
August 6-11, 2004
How to Use the Program Guide

Looking for what’s happening each day at a glance?
Go to Section B – Conference Program Guide which acts as a quick reference guide, listing sessions by day in an easy-to-use overview format similar to a television guide. Sessions are displayed by day part (Morning, Afternoon and Evening) and each meeting location is displayed with sponsors and a brief description of sessions. If you want to find out more information about a particular session, continue to either Section C – Summary Overview by Sponsor, or Section D – Session Details.

NOTE: Session start and end times in this section are approximate, please refer to Section D – Session Details, for the exact information. The Friday through Sunday early afternoon sessions are, for the most part, Professional Development Workshops (PDW) and committee activities and meetings. The All Academy opening is on Sunday afternoon followed by an evening reception. Monday through Wednesday sessions are the scholarly sessions, i.e., paper sessions and symposia. Monday and Tuesday evening are also times for division receptions, business meetings and social hours.

Looking for a session sponsored by a specific division, interest group, committee or sponsor?
Go to Section C – Summary Overview by Sponsor where all conference activities are listed by the division or interest group sponsoring specific sessions or meetings. Sessions are listed by day, time and location. Also the session numbers are listed so you can reference Section D – Session Details for more information or the full description of a particular session.

Looking for a full description of a session?
Go to Section D – Session Details to review all the details of a particular session. Because the sessions are numbered consecutively for the entire Annual Meeting, you can first locate the session number throughout the other sections of the program. In Section D – Session Details you will find the full title, the listing of session participants, the papers or presentations included in the session and any additional instructions for attendees or participants. The symbols located next to the session number indicate the orientation(s) that apply for that given session, paper or presentation. For example the symbol next to the session number indicates that the session is theme-oriented. For a listing of all abbreviations and symbols used in the program, see the inside back cover.

Looking for someone on the program?
Go to Section F – Participant Index where you will find an alphabetical listing of conference participants followed by the numbers of sessions associated with a particular individual.

Looking for a specific meeting room in a conference hotel?
Once you’ve found a session, you may need to refer to the conference hotel floor plans found toward the back of this book in Section G – Hotel Floor Plans in order to find out the room, floor or specific location within the hotel.

We hope we have made the Program easy to use so you can make the most of this year’s Academy of Management Annual Meeting.

Welcome to the 2004 AOM Annual Meeting in New Orleans

On behalf of the many members and staff who have worked so hard to organize this year’s meeting, we are pleased to welcome you to New Orleans for the 64th Annual Meeting of the Academy of Management. As a professional association of over 14,000 members from 93 nations, we are dedicated to creating, applying, and disseminating knowledge about management and organizations. Our annual meeting provides a unique opportunity for the AOM community to come together to share knowledge and experiences, to create and renew friendships and professional relations, and to replenish and develop ourselves.

Record Program Participation
This year’s program vividly demonstrates our strong commitment to the annual meeting. The 2004 Call for Papers generated a record volume of program submissions, with 4,106 paper and symposium submissions and 575 professional development workshops (PDWs), for a grand total of 4,681 submissions. Over 5,000 people participate on this year’s program, and over 1,000 volunteered as reviewers. We thank all of you who have stepped forward to make this outstanding program a reality.

2004 Theme: Creating Actionable Knowledge
“Truth in our ideas means their power to work.” ~William James
As we gather in New Orleans, this year’s theme of “Creating Actionable Knowledge” encourages us to explore the influence and meaning of our research on management and organizations. The AOM has long been dedicated to creating and disseminating knowledge about management and organizations, and a key part of its mission requires that our science-based knowledge be relevant, responsible, and make a valuable contribution to society and its institutions. To accomplish this, our knowledge must transcend purely scientific concerns and enable organizational members to make informed choices about important practical problems and to implement solutions to them effectively.

This year’s program presents research, panel discussions, professional development workshops, and community activities from the Fringe Café to the Visual Village that explore how we might make our knowledge more actionable. Coming together in one place each year provides us the valuable opportunity to share the company of our fellows and to discuss and deliberate the issues that concern us. Your participation adds an important voice to our collective conversation. We look forward to being with you in New Orleans.

The AOM Fringe Café. (Organizers David Barry, Michael Dawids, Hans Hansen, Steve Taylor, and Gail Whiteman).

One of the major challenges at the annual meeting is creating time and space for innovative dialogue and participation. Once again, the AOM is sponsoring the Fringe Café — where conversations highlight the menu. Our intent is to create a fun, innovative, intimate, and open space that helps facilitate authentic dialogue. Relative to the 2004 theme, we hope to create actionable knowledge in informal and spontaneous, yet meaningful and pragmatic ways. The Fringe Café will be held Saturday through Tuesday in the Sheraton’s Waterbury room. This year, Academy Arts will also be housed in the Fringe Café, so look forward to a reflective setting—a hermitage within the Academy.

The Fringe Café emphasizes conversation, not formal presentations. Along with providing space for informal, spontaneous, intriguing discussions, there will be a number of specially hosted events:

- Daily Workshops that build on the 2004 theme, such as a ‘serious play’ learning experience using Legos hosted by the Imagination Lab.
- Daily Café Dialogues (hosted by a variety of thought-provoking Conversation Starters including Karl Weick, Phil Mirvis, Tom Cummings, Mary Jo Hatch, and David Boje.)
- Academy Arts Performances including a play written on-site and performed by Academy members (Sunday night following the All-Academy reception).
- And much more! Stop on by the Fringe Café for a full schedule.

Your participation in the Fringe Café is greatly welcomed. If you have comments or interesting ideas on an event you would like to propose, please contact Hans Hansen (Hans.Hansen@vuw.ac.nz).

You can visit the Fringe Café in the Waterbury Room at the Sheraton from Saturday through Tuesday. It will be open late.

Session 379: (AA) Academy of Management Convocation/Distinguished Executive Speaker
Sunday, 5:00pm – 7:00 pm
Sheraton New Orleans: Napoleon Exposition Hall

Consultants and Knowledge Creation. In one ranking of the 100 most influential “gurus” with the most business impact, 36 of them were consultants and 50 were academics. Consultants are usually closer to the “firing line” than academics, where they are expected to apply leading edge knowledge. They are also aware of what knowledge is most in need, and may have to be created if not available from academe. Three noted academic/consultants who have been on both sides discuss the importance of consultants in contributing to actionable knowledge. Both Davenport and Prusak have been closely associated with and worked for major consultant firms, and Schultz will give a European perspective.
Academy Program Highlights

Session 620: (AA) What and How Do Consultants Contribute to Management Knowledge?
Monday, 2:30 pm-3:50 pm,
New Orleans Marriott: La Galleries 2

Value of Theory to Practice. Lewin’s oft cited comment about “nothing is so practical as a good theory” aptly applies to these three scholars on this panel: Miles and Snow, and Lorsch of Lawrence and Lorsch. We honor all four of these noted theorists who have made major contributions to practice through their theoretical insights. Their contributions have lasted for years and remain current. They will discuss what led them to their theories, how practice was affected, and what differences their discoveries have made in their careers and research.

Session 476: (AA) The Great Applied Theorists
Monday, 10:40 am-12:00 pm,
New Orleans Marriott: La Galleries 2

Research Relevance. In the first session below, several experienced voices from academe (Bedeian, Ivancevich, Slocum), as well as from the corporate world (Lidwell and Holden), who all know research and practice, speak out on why managers pay so little attention to academic research. Another distinguished group of scholars (Aldrich, Beer, Ginsberg, Burgelman, Barkema and Hopkins) takes on the same question in the second session below. Both panels offer a serious indictment of the Academy’s relevance, which makes one wonder if the purpose of our research is only for satisfying ourselves and our universities.

Session 394: (AA) Making Research Matter to Managers
Monday, 8:30am-10:20 am,
New Orleans Marriott: La Galleries 3

Personal Knowledge. Too often we, in our academic bias, think of knowledge as something written down in an article or in a book. Most knowledge, however, is tacit, residing inside individuals and acquired through trial and error experience. This diverse panel from academe and industry asks how we and others, as individuals, can make greater use of personal knowledge to improve our behavior at work.

Session 624: (AA) Why Isn’t Most Organizational Research Actionable?
Monday, 2:30 pm-3:50 pm, Ritz Carlton: Salon 3

Why Performance Measures? In our rush toward relevancy in research studies, we often include measures of performance, hoping that some causal independent variable will emerge to predict performance, thereby justifying the endeavor and making the research more worthy. Or we casually identify a set of “best practices” that lead to high performance for all emulators. This panel of critics (Kieser, Starbuck, Meyer, Denrell, Nicolai, and Zell) questions whether rigor and relevance are compatible, and what is the right balance.

Session 396: (AA) Do Studies of Performance Create Actionable Knowledge
Monday, 8:30 am-10:20am, Fairmont: Explorers

Executive Doctoral Programs. Many doctoral programs rarely include executives as students. Hence, students in these programs do not find a sounding board around them to reflect the world of practice. A new breed of doctoral program that is oriented mainly to attracting executives is growing in not only numbers but importance. Representatives from several of these programs, both in the U.S. and abroad, will comment on their program designs and their contributions to creating and disseminating actionable knowledge.

Session 948: (AA) Emerging Role of Executive Doctoral Programs in Knowledge Creation
Tuesday, 2:30pm-3:50pm, Fairmont: Explorers

Division Program Highlights

Academy Arts. Academy Arts is pleased to present its inaugural symposium — one that addresses the question: “Just what is aesthetics?” This session includes an international panel from Sweden, the Netherlands, Australia, New Zealand and the US. It grew from a discussion on the ACORN (Aesthetics, Creativity and Organization Research Network) list, and seemed too good to confine to that group, so we invited this symposium to be our first Academy “session.” It will be presented in The Fringe Café – the Waterbury Room of the Sheraton – where the Academy Arts 2004 exhibit will be on display. Please join us in what promises to be an enlightening discussion.

Session 561: (ART) Aesthetics, Art and Management:
“Not for philosophy does this rose give a damn.”
Monday, 12:20 pm – 2.10 pm
Sheraton New Orleans Hotel: Waterbury

Chair: Steven S. Taylor; Worcester Polytechnic Institute
Speaker: David Barry; Victoria U., Wellington
Speaker: Laura Christine Brearley; RMIT U.
Speaker: Pierre Guillet de Monthoux; Stockholm U.
Academy Program Highlights

Speaker: Mary Jo Hatch; U. of Virginia
Speaker: Gail Whiteman; Erasmus U.
Organizer: Chris Poulson; California State Polytechnic U., Pomona

Over the past decade, aesthetics has found its way into the discourse of organizational research. Is this simply a new term for old concepts; a recognition of Chester Barnard’s recognition that management is a matter of art rather than science (1938 p. 325); a path back into philosophy; a way to bring the blood, sweat and tears of organizational reality back into our work; or a way to force us to think and feel at the same time and thus reject Descartes’ dualism? Are there new ways to join these now, ways where the rose gives a damn after all? Are there limits and tears inherent in such new approaches?

**Business Policy and Strategy.** We would like to highlight a special panel session on “The Dynamics of Organizational Resources and Capabilities.” Understanding the dynamics of change in resources and capabilities is becoming increasingly important to scholars and practitioners of management. This panel brings together a group of scholars who are working collaboratively to advance the study of resource-based change. Topics to be addressed include the dynamics of value creation and persistence of profits, as well as the importance of resource acquisition and relational capabilities over time.

*Session 564: (BPS) The Dynamics of Organizational Resources and Capabilities*
*Monday, 12:20 pm – 2:10 pm*
*Sheraton New Orleans Hotel: Napoleon B2*

**Careers.** A highlight of the CAR Division will be the theme session (Session 629) on Monday at 2.30 p.m. featuring Janet Lenz and Bob Reardon from Florida State University. Professor Lenz is President of the National Career Development Association, and therefore speaks for a huge constituency of career counselors and practitioners - a group with which the CAR Division arguably needs much more synergy than it currently has. How to interface career development with career management, in both theory and practice, is an issue which concerns us all. Another good session will be the Hughes Award session on Tuesday at 4.10 p.m. (Session 1012) led by CAR’s 2003 Everett Hughes Award winner, Lotte Bailyn of MIT, on “Careers in Time - Time in Careers”.

*Session 632: (CAR) Theme Session: From Career Development to Career Management; A Multi-Disciplinary Perspective*
*Monday, 2:30 pm – 3:50 pm*
*New Orleans Marriott: Preservation Hall Studio 9*

**Conflict Management Division.** Although the term “professional” usually connotes a cognitive processor whose emotions are inconsequential, our session on Emotions and Well-Being show just how important it is to understand the role of emotions in various contexts. As a whole, these papers show how emotions both help and hinder workplace. Emotions can increase optimistic attitudes yet also decrease value from deals. This session also highlights the breadth of our divisions research, as the role of emotions is explored in both field studies and laboratory studies, with researchers from the U.S., Singapore, Israel, and the Netherlands.

*Session 806: (CM) Emotions and Well-Being*
*Tuesday, 8:10 am - 10:00 am*
*Marriott: Preservation Hall Studio 4*

**Critical Management Studies.** Our Plenary Speaker is Donald Palmer, University of California-Davis; Editor of Administrative Science Quarterly. He will speak on the challenges of developing coherent organizational theories of white-collar and corporate crime. The Academy of Management community is invited.

Also, all those interested in learning more about the CMS community within the Academy of Management are invited to attend our Business Meeting and Social. The Executive Committee will be honoring CMS award winners and making plans for the coming year. Please join us to celebrate our award winners and to socialize with colleagues and friends.

*Session 808: (CMS) CMS Keynote Speaker*
*Tuesday, 8:30 am - 10:10 am Ritz Carlton: La Salle*

*Session 762: (CMS) CMS Business Meeting*
*Monday, 5:30 pm - 6:30 pm Ritz Carlton: La Salle*

*Session 779: (CMS) CMS Social*
*Monday, 6:30 pm - 7:30 pm Ritz Carlton: La Salle*

**Entrepreneurship.** ENT is pleased to highlight the Show Program Session *Nascent Entrepreneurs and Firms*. Over the past decade the study of nascent entrepreneurs, those individuals and teams who are engaged in an effort to start a new venture, has brought to light a host of information about behaviours, attitudes, and outcomes in this early stage process. What was once an area of knowledge that relied mostly on anecdotal reporting, research on nascent entrepreneurs and their...
firms has flourished with the offering of important insights into how ideas evolve into the launch of new ventures. Drawing on disciplines of sociology, psychology, economics, finance, marketing, and entrepreneurship, as researchers and educators we continue to learn more each year as new avenues of nascent activity is explored and new insights are drawn by building from prior research.

Session 965: (ENT) Nascent Entrepreneurs and Firms
Tuesday, 2:30 pm – 3:50 pm, Sheraton: Salon 829

Please join us for this historic event.

Our distinguished speaker, David Nadler, Chairman and CEO of Mercer Delta Organizational Consulting, LLC will focus on the conference theme, the creation of actionable knowledge. For the past 25 years, David Nadler has been consulting to the senior management of major corporations on issues of leadership, organizational behavior, and change. His focus has been on the application of behavioral science and organization development concepts to the senior level of large and complex client systems. Dr. Nadler will present a way of thinking about different types of consulting approaches. He will focus on the process of building relationships and consulting at the CEO, COO, Executive Team, and Board of Directors level. He will share a set of insights that reflect lessons learned over his years of work with these clients. The emphasis will be on how to build a process and relationships that help generate valid data and then transform data into information, transform information to knowledge, and ultimately transform knowledge into effective action on the part of the client.

The session has been specially designed to stimulate audience participation. The purpose of the session is to provocatively bring together and engage Academy members interested in thinking through why and how critical management studies can be embedded in management learning, education and development.

Bailey, incoming editor of AMLE, George Washington U. Also on the panel will be the two joint organizers, Steven J. Organization Development and Change. This year’s ODC program includes seventeen symposia and sixty-nine paper sessions. The distinguished speakers for ODC are Richard Woodman, Texas A&M University and William Pasmore, MercerDelta Consulting. This year’s theme session examines our field “outside the boundaries!” Many of the challenges that face organizations, their development and their abilities to change go beyond the single organization and have to do with the enterprises, industries and society within which organizations operate. These “enterprise” factors have to do with relationships and capabilities that cross organizations. Andrew Pettigrew, Roy Greenwood and Rupe Chisholm present their respective work linking change across organizations with corporate history, strategy and culture; institutional theory; and networks and coalitions. Tom Cummings is discussant.

Session 466: (ODC) Theme Session:
Development and Change across Enterprises

Organizational Behavior. The OB Division is proud of all the papers, symposia, and paper sessions we are sponsoring, but we wish to bring your attention to two particularly special events. First, we encourage our members to attend the OB Division’s Celebration and Social Hour. In this annual event, we will celebrate the accomplishments of our award winners and offer thanks to our division reviewers. Second, we encourage you to attend a unique event that examines the identity of the OB Division. In this session, facilitated by Angelo DeNisi (our Division Chair), we will examine the historical role of the OB Division in the Academy and then discuss and develop a vision for its future identity. Input on these issues from a wide variety of division members is highly desirable, so please plan to attend and share your vision.

Session 1060: (OCIS) Keynote Address: How OCIS Research Has and Will Contribute to Management Research
Tuesday, 4:10 pm - 5:20 pm
Marriott New Orleans: Preservation Hall Studio 9

Organizations & the Natural Environment. In accordance with the conference theme “Creating Actionable Knowledge” our symposium (session 535), “Actionable Sustainability: Exploring the Discourse Defining Sustainability” examines how business organizations have grappled with notions of sustainability from planned obsolescence to strategic issues of firm survival. As questions and concerns multiply regarding the nexus of business and society, the practical matter of examining the definition and the imperative implied by “sustainability” demands attention and action. Depending upon the perspective of the stakeholder the meaning of “sustainability” and the elements involved can be quite different. This symposium brings together five researchers to look at various aspects of the emerging definition of sustainability and the possible direction this concept may take. The aim of this symposium is to engage in a discourse to gain clarity regarding this important management concept. A wide range of stakeholders look to members of the Academy for guidance on issues such as sustainability; this symposium will be a resource for our membership.

This symposium session will be lead by David Saiia of Ithaca College and will include the following brief presentations: Duane Windsor, The Lynette S. Autrey Professor of Management at Rice University, “Multi-Stakeholder Process for Defining and Developing the Concept of Sustainability”; Dale Cyphert, Associate Professor of Management at the University of Northern Iowa, “Sustainability as Aim and Agenda: Reframing the Discourse of Effective Management”; Dirk Matten, and Andrew Crane of the International Centre for Corporate Social Responsibility, Nottingham University Business School (UK), “Sustainability and the Discourse of Corporate Citizenship”; and David Saiia, Assistant Professor of Strategic Management at Ithaca College, “Words that Last: Talking towards Sustainability”.

Session 545 JS: (ONE, SIM, CMS) Actionable Sustainability: Exploring the Discourse Defining Sustainability

Rupert F. Chisholm – In Memoriam
Eulogy for Rupe Chisholm by Ike Gittlen
April 22, 2004

Just a little guy with glasses
A professor at Penn State
Talking about action research
Solving problems that can’t wait

I’d like to help be said
I think I bring some skills
Let’s figure out a strategy
Academia working on steely mills

That’s how I got to know him
Ten years or more ago
Looking for answers that would allow
Industrial communities to re-grow

Out came those colored markers
And flip charts to write it down
Eventually his book would come
With a chapter on our town

His scope went way beyond us
Friends came from far and wide
Sharing worldly efforts
To pull against the tide

Always there were projects
And people helped along
If you were progressive activist
In Rupe’s book you could do no wrong

He believed in thinking
He believed in getting facts
He believed in doing something
Not sitting on your a__-

Could make things shake and more
Rupe could bring on frustration
With processes that he used
Strategy took some organizing

He was a really smart man
With simple wants and goals
Just a better world for everyone
Basically the golden rule

He thought that if he studied people
Then used the findings to bring change
That be could make a difference

Have some decency reign
It was this optimistic streak
And his patience with us all
That marked him as a special one

Beyond what I can understand
Losing his guiding hand
What we have is a model
Of what each of us should do

So goodbye friend from all of us
We will miss your unassuming smile
You’ve left us with a legacy
Of hope, energy, and a useful life

FREQUENTLY ASKED QUESTIONS

CLIMATE
Temperatures can reach highs of 95 degrees Fahrenheit, 35 degrees Celsius and low temperatures are around 70 degrees Fahrenheit, 21 degrees Celsius. A raincoat and an umbrella should always be close at hand.

CUISINE
New Orleans is internationally known for its sumptuous cuisine. There are many restaurants to choose from. The French Quarter has expensive and low cost dining options from elegant French and Italian restaurants to local favorites that serve the best po’ boys and muffulettas. Be sure to try a beignet while you are in town!
Welcome to New Orleans from the Local Arrangements Committee

On behalf of the Local Arrangements Committee, we would like to extend a welcome to New Orleans if you’re planning on attending the upcoming meeting and to encourage you if you are still thinking about it. Members of the Local Arrangements Committee are working hard to make your New Orleans conference a memorable one. The information below is meant as an introduction to New Orleans. Links throughout will provide even more detail to what we present.

Access for people with disabilities
All conference hotels are reasonably close together. The two hotels housing registration, exhibits, and the vast majority of the meetings, the Sheraton and the Marriott, are across the street from one another. The other hotels, the Fairmont and the Ritz, are 500 yards away – see the accompanying map. The City of New Orleans is relatively flat and therefore not very difficult to get around. However, we are committed to assisting people with disabilities, and hope that those who anticipate special needs will discuss their concerns and contact us at needs@aom.pace.edu

Copies and other business services
All of the conference hotels have business centers which can meet most of your needs. There are also several full service copy facilities located nearby.

Transportation from the Airport
Armstrong New Orleans International Airport is approximately 18 miles from downtown New Orleans. See the airport’s website, www.flymsy.com for more detail. Shuttles, Limousines and Taxis are readily available at the exit area from baggage claim. All travelers should allow at least ONE HOUR for this commute as traffic can sometimes be heavy. For departures, the airport recommends arriving no less than 90 minutes before your flight. New security rules prevent entry to the gate areas without a boarding pass.

Taxicabs
Marked cars are plentiful throughout the uptown and downtown areas of the city. From the airport, one-way fares are currently set at $28 for up to two persons. The cost for three or more persons is $10 per passenger. As with most taxicabs, make sure that your driver is on the meter or that you have negotiated a rate BEFORE you get rolling. Since the airport ride is a fixed rate, the meter won’t be necessary.

Options to Taxies from the airport include the Airport Shuttle ($13 per person one-way) and Airport Limousine Service ($35 for one or two people and $10 per additional passenger up to eight people total).

Streetcars
The oldest continually running street car line, The St. Charles Avenue Line: Runs 24 hours a day, everyday. Fare is $1.25 each way. Riverfront Line: Runs 6:00 a.m. to midnight, everyday. Fare is $1.25 each way.

Exact change is required on both streetcar lines (they do take bills in addition to coins). The new Canal Street Line is due to open in April 2004 and should be available by the time of the conference. This line connects the Mississippi River to the New Orleans Art Museum in City Park. When it starts, it will be the first time since 1964 that streetcars have run on Canal Street. Join in the history but see the note on weather. The older lines don’t have air conditioned cars.

T-Shirts
Conference t-shirts will feature graphics evocative of New Orleans. The design is displayed on the Academy’s web site. T-shirt sales will benefit a local charity; Start the Adventure in Reading (STAIR). This charity provides tutors to second graders who are at risk of not learning to read at an appropriate level. Their research has shown that if students do not grasp reading at this early stage, then they will be at a disadvantage in the later grades and may never catch up. Please order your t-shirts when registering. They will be available for pick up in the registration area when the conference starts.

Tours
In prior years the Local Arrangements Committee booked tours for members, but very often these were undersubscribed. We are continuing with the new standard set in Seattle by providing information on available tours to the members and allowing them to make the decisions. We have arranged to have a local company, Convention Hospitality Services, to answer questions about tour possibilities ahead of time and also to be present during the conference. They can be reached at: http://www.conventionhospitalityservices.net/
Shopping
Although the French Quarter provides more shopping that you could probably fit in during the conference, there are other, more traditional, venues available. There is a shopping center between the Marriott and the river called Canal Place. It houses many of the up-scale big city type stores. A little less extravagant is the RiverWalk shopping center which is anchored by the Hilton Hotel. The Hilton is at the foot of Canal Street and easily seen from most of the downtown area. A bit further away is the New Orleans Centre. This venue is similar to Canal Place and is about a mile away next to the SuperDome. Another favorite area is Magazine Street known for its antiques and art galleries. This area is an easy two block walk from the St. Charles Street Car line. The street car drivers will be happy to direct you to your location.

Entertainment and Recreation
Known as the Big Easy, New Orleans has something for everyone. All four downtown hotels are within easy walking distance of one another as well as being close to the French Quarter, Harrah’s Casino, and an extraordinary number of outstanding restaurants for the gourmet and gourmand. We also have many world-class family attractions including a nationally recognized children’s museum, the Audubon Aquarium of the Americas, the Audubon Zoo, the National D-Day Museum, Six-Flags Jazzland Theme Park, and the Ogden Museum of Southern Art. The list is long, the fun unlimited and the food sensational.

The New Orleans Convention and Visitor Bureau’s (CVB) web site provides a wealth of information. It can be found at the following link: http://www.neworleanscvb.com/.

Some particular items of interest on their web site include:
Restaurant information and reservation capability for several venues just to give you a taste of the area;
A visitor’s guide at http://www.neworleanscvb.com/new_site/visitortemp.cfm with maps, frequently asked questions and travel tips;
Download French Quarter Walking Tours at http://www.neworleanscvb.com/new_site/visitor/fqwalktour.cfm; and,
Request to have an Official Visitors Guide mailed to you at http://www.neworleanscvb.com/new_site/visitor/visrequest.cfm.

Another useful site has its homepage at http://www.neworleans.com/. Here you will find fun facts and history about New Orleans. For instance, a sub page, http://www.neworleans.com/cgi-bin/oracle/hs.cgi?search=CA&T&Category=HISTOR provides a pronunciation guide (e.g., Burgundy Street which parallels Bourbon Street – “bur-GUN-dee” (accent on second syllable – different from the color), a translation of directions (what is Uptown, Lakeside, and why the Westbank is to the East), and the rules for drinking (while few, there are some).

Other guides you may find useful are included on this site. We suggest that you start with “A Cultural Introduction to New Orleans” which provides much of the background of the city from steam boating to voodoo to the statues of the dead and graveyards. We also provide a “New Orleans at a Glance” document which can answer most of your questions and give you a general overview of the city. Finally, there is a “Three Day Guides” document. Here you will find suggestions for how to spend three days with tailor-made agendas for those with children, teenagers, young adults and/or seniors.

Weather
The summer is one of the times when the name Big Easy really applies. Most everyone takes it easy; and, the rule is: if you have air conditioning, use it. In August, you can expect both temperature and humidity to be in the 90’s during the day with a “cool-down” to the 80’s at night. Therefore, be careful not to exert yourself and give yourself time for rest breaks if you’re out and about. Although rain in not uncommon, it often comes in with a vengeance but normally doesn’t last very long. Easy refuge is available in most of the bars or restaurants where you can take advantage of the City’s other benefits.

Scams and Street Entertainers
New Orleans relies on tourism as its major source of revenue. Therefore, like most such destinations, it also attracts those of lesser character. However, such people also promote the city’s reputation and ambiance of being the “World’s Biggest Free Party” with their actions.

The favorite street scam is for someone to approach you and offer to bet they can tell you “Where you got ‘dem shoes”. If you display any interest at all, someone may start shining your shoes while continuing a rapid fire discourse for a couple of minutes or for as long as you let them. Telling them you’re not interested will normally be sufficient for them to leave you alone – they are not overly aggressive. The tag line is that this person knows you “got them shoes” on your feet. Now, since you’ve been entertained and had your shoes shined (quality not withstand), this person will naturally expect you to provide a “donation”. The amount you donate, if anything at all, should be as much as you see fit – normally a couple of dollars.

Other street entertainers rely on similar donations and are held to the same expectation of not harassing tourists. Therefore, if you come across a musician, tap dancer, or live-statue, they will normally have a “tip bucket” in close proximity. Although they are not allowed to harass you, they do rely on these donations and can be fairly persuasive. Still, the police monitor this behavior to prevent any negative influence on the tourist experience. The bottom line is that if you feel that you have been entertained, show your appreciation however you see fit.

The management department faculty is a multidisciplinary, research-oriented group educated at leading universities. Faculty members have received numerous research and teaching awards as well as election to major offices in professional associations. Courses available in the management department cover human behavior in the workplace, human resource management, compensation and benefits administration, collective bargaining, strategic management, entrepreneurship, social and ethical responsibilities, and multinational management. Specific curricula are also offered in general management, human resource management, and entrepreneurship.

The Institute for Entrepreneurial Education and Family Business Studies, a part of the management department, was ranked a top tier (12) program by Entrepreneur magazine. Additionally, LSU's entrepreneurship program was ranked number five in the nation by faculty from almost 300 schools. Dr. Robert T. Justis, professor of management and director of the International Franchise Forum, received the 2002 Free Enterprise Award from the International Franchise Association (IFA). Justis is the only academic to ever receive this honor.

The management department also works to enhance economic growth in Louisiana through entrepreneurial development. Organizations from throughout the state use business plans written by departmental students to start and/or grow their businesses. This development process-network is designed to create successful businesses by providing assistance to stimulate business formation, growth, and survival.

**Utah Valley State College**

Nestled between the Wasatch front and Utah Lake in central Utah, Utah Valley State College (UVSC) is the key educational center to over 23,000 students. UVSC offers short-term training programs, training for high-tech careers, transfer degrees, and bachelor's degrees. Our history as a community college continues to foster a small school feeling to UVSC and we retain our commitment to small class sizes, while our student body and advanced degree programs add the feeling of a thriving university environment to the UVSC experience. This two-fold experience sets us apart from other colleges; it is truly where education is on a personal level.

At Utah Valley State College, our School of Business provides quality undergraduate business education with a REAL applied focus for over 4,000 associate and baccalaureate degree students. We pride ourselves in being student oriented and having outstanding teachers who deliver up-to-date curricula while incorporating global and ethical perspectives. When they leave UVSC, our graduates have an excellent baseline education in business and effective communication skills, as well as a comprehensive understanding of advanced applications software. In addition to their commitment to excellent teaching, our 53 full-time faculty are also actively engaged in scholarship, and the School of Business recently began editing and publishing the Journal of Business Inquiry: Research, Education, & Application. Simon Fraser University

Simon Fraser University, named after explorer Simon Fraser, has been consistently ranked as one of Canada’s best comprehensive universities. The University has two campuses: the main Burnaby Mountain campus, and the Harbor Center campus in downtown Vancouver. The university has over 24,000 full- and part-time graduate and undergraduate students. The Faculty of Business seeks to produce broadly educated, analytical, enterprising and socially responsible managers capable of making lasting contributions to business, government and society. The undergraduate program accepts about 500 students a year. At the graduate level, about 100 students are accepted into our various MBA programs and another 60 students enroll each year in either the weekend or weeknight cohorts of our 24-month EMBA program. Its MBA program has been ranked top in Western Canada. It is an ethnically diverse MBA program with 70 percent of the students born outside of Canada. To meet the needs of the community, the Faculty has developed several new programs. These include an MBA program that focuses on improving managerial skills in organizations that employ advanced technology and another that provides advanced strategic and managerial skills to accounting professionals. Its on-line graduate diploma program in business administration provides core business skills to working professionals. Research is the foundation on which the Faculty’s teaching programs are based. The Faculty’s teaching and research focus on eight areas: accounting, finance, international business, management and organizational studies, marketing, management and information systems, management science, and strategy and policy.

University of New Orleans

The University of New Orleans is located on the South shore of Lake Pontchartrain and only minutes from the fun and excitement of downtown New Orleans and the French Quarter. With an enrollment of over 17,000 students, UNO offers both undergraduate and graduate degrees through the doctoral level. Programs of study are offered through six academic undergraduate colleges: Business Administration, Education and Human Development, Engineering, Liberal Arts, Sciences, and Urban Studies - in addition to the Graduate School. Educational extension, pro-fessional development, and international education activities (including credit and non-credit courses) are also available.

The College of Business Administration, with an enrollment of almost 4,600 undergraduate and graduate students, is one of the largest and most cost effective colleges of business in the Gulf Coast region. Business students make up over one-fourth of the University’s student body. The College, fully accredited by AACSB International, provides degree programs in a variety of business fields at the undergraduate and graduate levels. It also provides Executive programs in the MBA and Health Care Management areas with one expected soon in Hotel, Restaurant and Tourism.

By this time next year, the College will reside in the brand new, state of the art, Kirschman Business Building. Construction of this facility was made possible by a generous donation from the Kirschman family and a seed donation from BellSouth Corporation. The new facility will house the BellSouth Telecommunication center as the cornerstone for an educational environment utilizing technology in teaching and in contracts with community partners.

Return on Investment

Inexorable this damned cold sore
whose rise coincides with his a complex acquisition
in an otherwise simply bullish outlook

Lip service
be to she
"ooh, my pleasure"
"you don't (have a) mind, do you?"
"please bring me yesterday's figures"
copping a feel
on her
way out
before she
sounds the horn

Stop loss
on v 1.0
and her
graying areas
a failed integration
a conflict of interest
a discontinued operation

And their subsidiaries
span off
for dividends
on his
work
life
and his business class

High flying
interfaces
with a smooth laptop screen
and intercourse
with a low slung lap dancer
(also smooth)

Looking good
he to be
taking in this man made to measure
unraveling a thread
of material
nonpublic information
and strangling ties
that bind
him to him
cool customers
in this
red collared world

A surly smile
pries off a scar
fluttering down
down
into the fifth
martini
martini
martini
martini
martini

its ripples reflecting
so much warmth in his cheeks
a moist red cavern
and a very
cold
stare
that is his
return on investment.

Position Statement on Placement Activities

The Academy expects that job candidates will not be treated differently on the basis of race, ethnicity, national origin, sex, religion, age, or disability. Questions related to those issues are inappropriate (i.e., questions on marital status, family commitments, etc.). Interviewers should also be respectful of various theoretical perspectives, teaching philosophies, and substantive domains of interest. We believe the interview areas offered by Placement Services are a very appropriate location for interviews. Additionally, interviews may be conducted in conversation areas available throughout the conference facilities. The conference hotels also offer a number of full and parlor suites that may be used for interviews.

The Academy of Management is concerned about providing appropriate settings for conducting interviews - settings that will accommodate candidates with disabilities and that do not have the potential of creating an awkward interview environment. Hotel guest rooms are usually inappropriate settings for conducting recruiting interviews. If interviews must be conducted in hotel guest rooms, we offer the following suggestions: have multiple recruiters meet with each candidate; leave-the guest room door ajar; ensure that the room is properly prepared to conduct interviews (i.e., beds are made, personal belongings are put away, etc.); maintain and encourage a professional demeanor by having all parties sit on chairs or sofas, wear shoes, and ask only appropriate questions; and above all, be sensitive to concerns of the other party by avoiding actions or comments that may make others uncomfortable.

Excerpt from the Academy’s Code of Ethical Conduct

The Academy of Management and its members are committed to providing academic environments that are free of sexual harassment and all forms of sexual intimidation and exploitation. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other visual, verbal, or physical conduct of a sexual nature when:

1. It is implicitly or explicitly suggested that submission to or rejection of the conduct will be a factor in academic employment, admission, evaluation, or participation in an academic activity; or
2. The conduct has the purpose of interfering with an individual’s academic or work performance, by creating an intimidating, hostile, or otherwise unacceptable educational or work environment.

The determination of what constitutes sexual harassment depends upon the specific facts and the context in which the conduct occurs. Sexual harassment takes many forms: subtle and indirect, blatant and overt. It can be conduct affecting an individual of the opposite sex or same sex, between peers or between individuals in a hierarchical relationship, or between teacher and student. Regardless of the intentions of the actor, the key question is always whether the conduct would be unwelcome to the individual to which it is directed.

### Worshipping a Strange God

Supply and demand,
The new commandments.
Efficiency its truth
And our salvation
All must bow down before
The Market.

Never a more ruthless deity.
It allows none before it.
Unchecked,
It seeks not what is best for us
But only what is most economical in us.

Forever a means to an ends.
Anything but divine, holy, free.

### Questing

Would I be a detective finding clues in the darkness if, momentarily, focused there a shaft of light? Is it truth or illusion exposing that flash of insight?

Would I be a conjurer pulling meaning from confusion if confounders, interactions produced solution? Is it truth or distraction to insist upon diffusion?

Would I be a physician devising better regimen if imperfect technique, core significance betrayed? Is it truth or damaging to allow results be displayed?

Would I be a leader as a tentative manager if team participants bequeathed a stance most wise? Is it truth and strength or weakness to adopt and recognize?

Would I be a visionary or follower of fear if the solace needed were almost within my sphere? Is it truth or blessing to find comfort in answer most near?

Would I be a scholar entreating complete expression if others disputed my derived extension? Is it truth or solution to produce another question?

Managers Not MBAs
A Hard Look at the Soft Practice of Managing and Management Development
Henry Mintzberg, McGill University

Henry Mintzberg offers the most extensive and far-reaching critique ever produced of how managers are educated and how management is practiced. Never before have the purposes, methods, structures, and outcomes of management education been so thoroughly and critically examined and the lessons for managers, educators, and society so provocatively spelled out.

Certain to be controversial, Managers Not MBAs focuses particular attention on the flagship of management education—the MBA—and shows how MBA programs train the wrong people in the wrong ways with the wrong consequences. But it also goes beyond the critique to offer proven, detailed proposals for change.

The second half of the book describes pathbreaking management education and development programs that are being implemented around the world, and the innovations and successes of these programs.

Henry Mintzberg is one of the top management scholars in the world, and this is a capstone work resulting from many years of research. The Financial Times named Mintzberg one of the top 10 management thinkers in the world. Fast Company called him “one of the most original minds in management” and “one of the world’s most influential teachers of business strategy.” Tom Peters named Mintzberg’s book, The Rise and Fall of Strategic Planning, “my favorite management book in the last 25 years… no contest.” Mintzberg has won the top awards in his field, including two McKinsey prizes and the Distinguished Scholar award of the Academy of Management.

Globalization means that managers need to be prepared to do business with people from all kinds of cultures—not only abroad, but at home too. Cultural Intelligence teaches a way of thinking and being that enables managers to function effectively in any culture. Instead of providing a laundry list of specific cultural dos and don’ts, the authors give managers universal global people skills that will allow them to adapt quickly to, and thrive in, any cultural environment.

Through illustrative real-life examples, Cultural Intelligence will help businesspeople become more effective in making decisions, communicating and negotiating across cultures, leading and motivating others who are culturally different, and managing their international careers.

“There is no time in history when the need for cross-cultural skills has been more critical. Cultural Intelligence, therefore, could not be more relevant. Not only does it help managers understand the world’s people better, it coaches all of us on how to live and work more effectively in a world economy that no longer recognizes nor understands borders.”—Dr. Nancy J. Adler, Professor of International Management, McGill University, and author of From Boston to Beijing: Managing with a Worldview

Ideas Are Free
How the Idea Revolution
Is Liberating People and
Transforming Organizations
Alan G. Robinson, Isenberg School of Management, University of Massachusetts, and Dean M. Schroeder, Valparaiso University

The fact is, because they’re the ones doing the day-to-day work, front-line employees see a great many problems and opportunities that their managers don’t. But most organizations do very poorly at tapping into this extraordinary potential source of revenue-enhancing and savings-generating ideas.

Drawing on extensive research and experience in more than 300 organizations around the world, Alan Robinson and Dean Schroeder show precisely how to take advantage of the virtually free, perpetually renewable resource of employee ideas. True excellence and sustainable competitive advantage—in every area, from productivity, to responsiveness, keeping costs low, quality, and service delivery—is only possible with the attention to detail that comes from getting and implementing large numbers of ideas from employees.

"Ideas Are Free is an engaging guide for tapping the sources of valuable innovation. Its message is clear and useful."—Clayton M. Christensen, Robert and Jane Cizik Professor of Business Administration, Harvard Business School

**Action Inquiry**
The Secret of Timely and Transforming Leadership
William R. Torbert, Carroll School of Management, Boston College

This book introduces a fresh approach to helping individuals and organizations learn in the midst of the cut and thrust of daily action. “Action inquiry” is a highly accessible process whereby we can go beyond daily dilemmas to exercise transforming power at key moments, as well as timely action on a continual basis. This process not only allows for the correction of errors before they have negative consequences for business outcomes, but can also be experienced as a pleasurable and energizing dance as a critical mass of colleagues join in, creating a positive climate for ongoing learning.

Bill Torbert and Associates teach readers sophisticated “action-logics” for analyzing the world and reacting to it—until they will eventually be able to practice action inquiry continually. Offering action inquiry exercises at the end of the chapters, the book moves from junior managers beginning to practice action inquiry through CEOs transforming whole companies, to world leaders transforming whole countries, as exemplified by Czech president Vaclav Havel. Through short stories of leadership and organizational transformations, this groundbreaking book illustrates how action inquiry increases personal integrity, relational mutuality, company profitability, and long-term organizational and environmental sustainability.

“A book for managers and students of management who are serious about exploring in depth how leaders and organizations can develop the capacity to continually learn and transform themselves.”—Peter Senge, author of *The Fifth Discipline*

THE PSYCHOLOGY OF LEADERSHIP

New Perspectives and Research

David M. Messick, Roderick M. Kramer

In this book, some of the world’s leading scholars come together to describe their thinking and research on the topic of the psychology of leadership. The contributions span traditional social psychological areas, as well as organizational theory, examining leadership as a psychological process and as afforded by organizational constraints and opportunities. The editors’ goal was not to focus the chapters on a single approach to the study and conceptualization of leadership but rather to display the diversity of issues that surround the topic.

**Management Research**

*The Journal of the Iberoamerican Academy of Management*

Co-Editors:

Isabel Gutierrez and

Luis R. Gomez-Mejia

“I am thrilled to see *Management Research* come on the scene. We have a pressing need for new intellectual discourse on the very themes that *MR* seeks to highlight: national and cultural similarities and differences in managerial phenomena. The journal’s all-star editorial review board makes me very optimistic about *MR*’s standards, timeliness, and significance.”

– Donald C. Hambrick, The Pennsylvania State University

“*Management Research* fills an important niche in its combination of scholarly rigor and focus on Iberoamerican issues. In today’s global economy, *MR*’s message has never been more important.”

– Kathy Eisenhardt, Stanford University

“The inauguration of *Management Research* represents a new enlightened perspective on global management scholarship. We are increasingly recognizing the need to understand the nature of management in different cultures, contexts, and settings. *MR* provides an exciting and important opportunity for advancing this understanding among all countries and cultures.”

– Andrew Van de Ven, University of Minnesota
